INTRODUCTION

Operating from a London-based studio, Atelier001 is a luxury lighting brand celebrating artisanship by creating beautiful, collectible lighting objects with the highest attention to detail and finish.

The designs are curated by acclaimed lighting designer and artist, Eva Menz, who is committed to making exceptional light pieces more accessible to a larger audience. The fabrication of the lights also aims to support a network of unique makers in what are often described as 'dying trades'.

Each Atelier001 piece is hand-finished by master artisans, who imbue these exclusive objects with their incredible skills. Each carefully considered detail attests to the dedication of the makers, while the individual touches and handmade quality celebrate the inherent beauty of authentic materials.

We encourage our audience to welcome and embrace the unique character within each object, its variations and small beautiful imperfections.

CITYSCAPE COLLECTION

The Cityscape collection originates from drawing a single silhouette, an outline. This is what we began with, but through a delicate process, the line is turned into a three-dimensional object. Illumination brings it all to light revealing the finest lines and smallest details.

To enable this process, AtelierOO1 collaborates with a workshop that is experienced with scientific glass for nearly half a century. Shaping medical glass requires extreme patience, tenacity and concentration. It's clear that a glassblower requires

the ability to be a problem-solver, and a logical but creative thinker, with patience, dexterity and ability to control with precision - even one's own breath. Such a craft involves much artistry and technique.

The result of this careful shaping is a delicate and yet very toughened glass vessel. We enrich it with a single light source, implemented as suspension and as illumination. The intention is to cast mesmerising shadows and a play of light on its surroundings, adding to the sculptural features of a space.

CITYSCAPE COLLECTION

CITYSCAPE SYM

DIMENSIONS
Ø 15cm (5.9")
Height 52cm (20.5")

WEIGHT
3kg (6.6lbs)

MATERIALS
Satin brass framework
Hand-blown glass

FINISH
Satin finished brass;
Please note that each piece is hand-
finished and will vary slightly.

LEAD TIME
8-10 weeks excl. shipping

ILLUMINATION
Integrated LED (No bulb required)
LED colour temperature 2700K
LED dimmable driver
Output 700mA 2W 200lm
Input 120/240V
50,000 hours rated life

DIMMING
Mains, DALI, 0-10V or 1-10V

CEILING MOUNTED
Driver to be integrated into ceiling.
Suspension cable 300cm (118") to be
cut to size.
All components supplied.

REGION
CE certified;
UL listing available at a surcharge.
